Mr. Dolan,

You had contacted me a couple (maybe a few) weeks ago regarding data in relationship to a bill that might be proposed by a legislator. At the time, my data was in limbo, sitting on a crashed hard drive. Our IT guy at work was finally able to find the time to check it out, and he was able to retrieve my files.

If you still have need of something in relation to this, let me know, and I'll do my best to help you out.

Josh,

We were looking at girl's times in some events compared to boys. A transgender issue.
